

BRAZOS VALLEY CONNECTION

PROPOSED ALTERNATIVE ROUTES
SHEET 1 OF 5

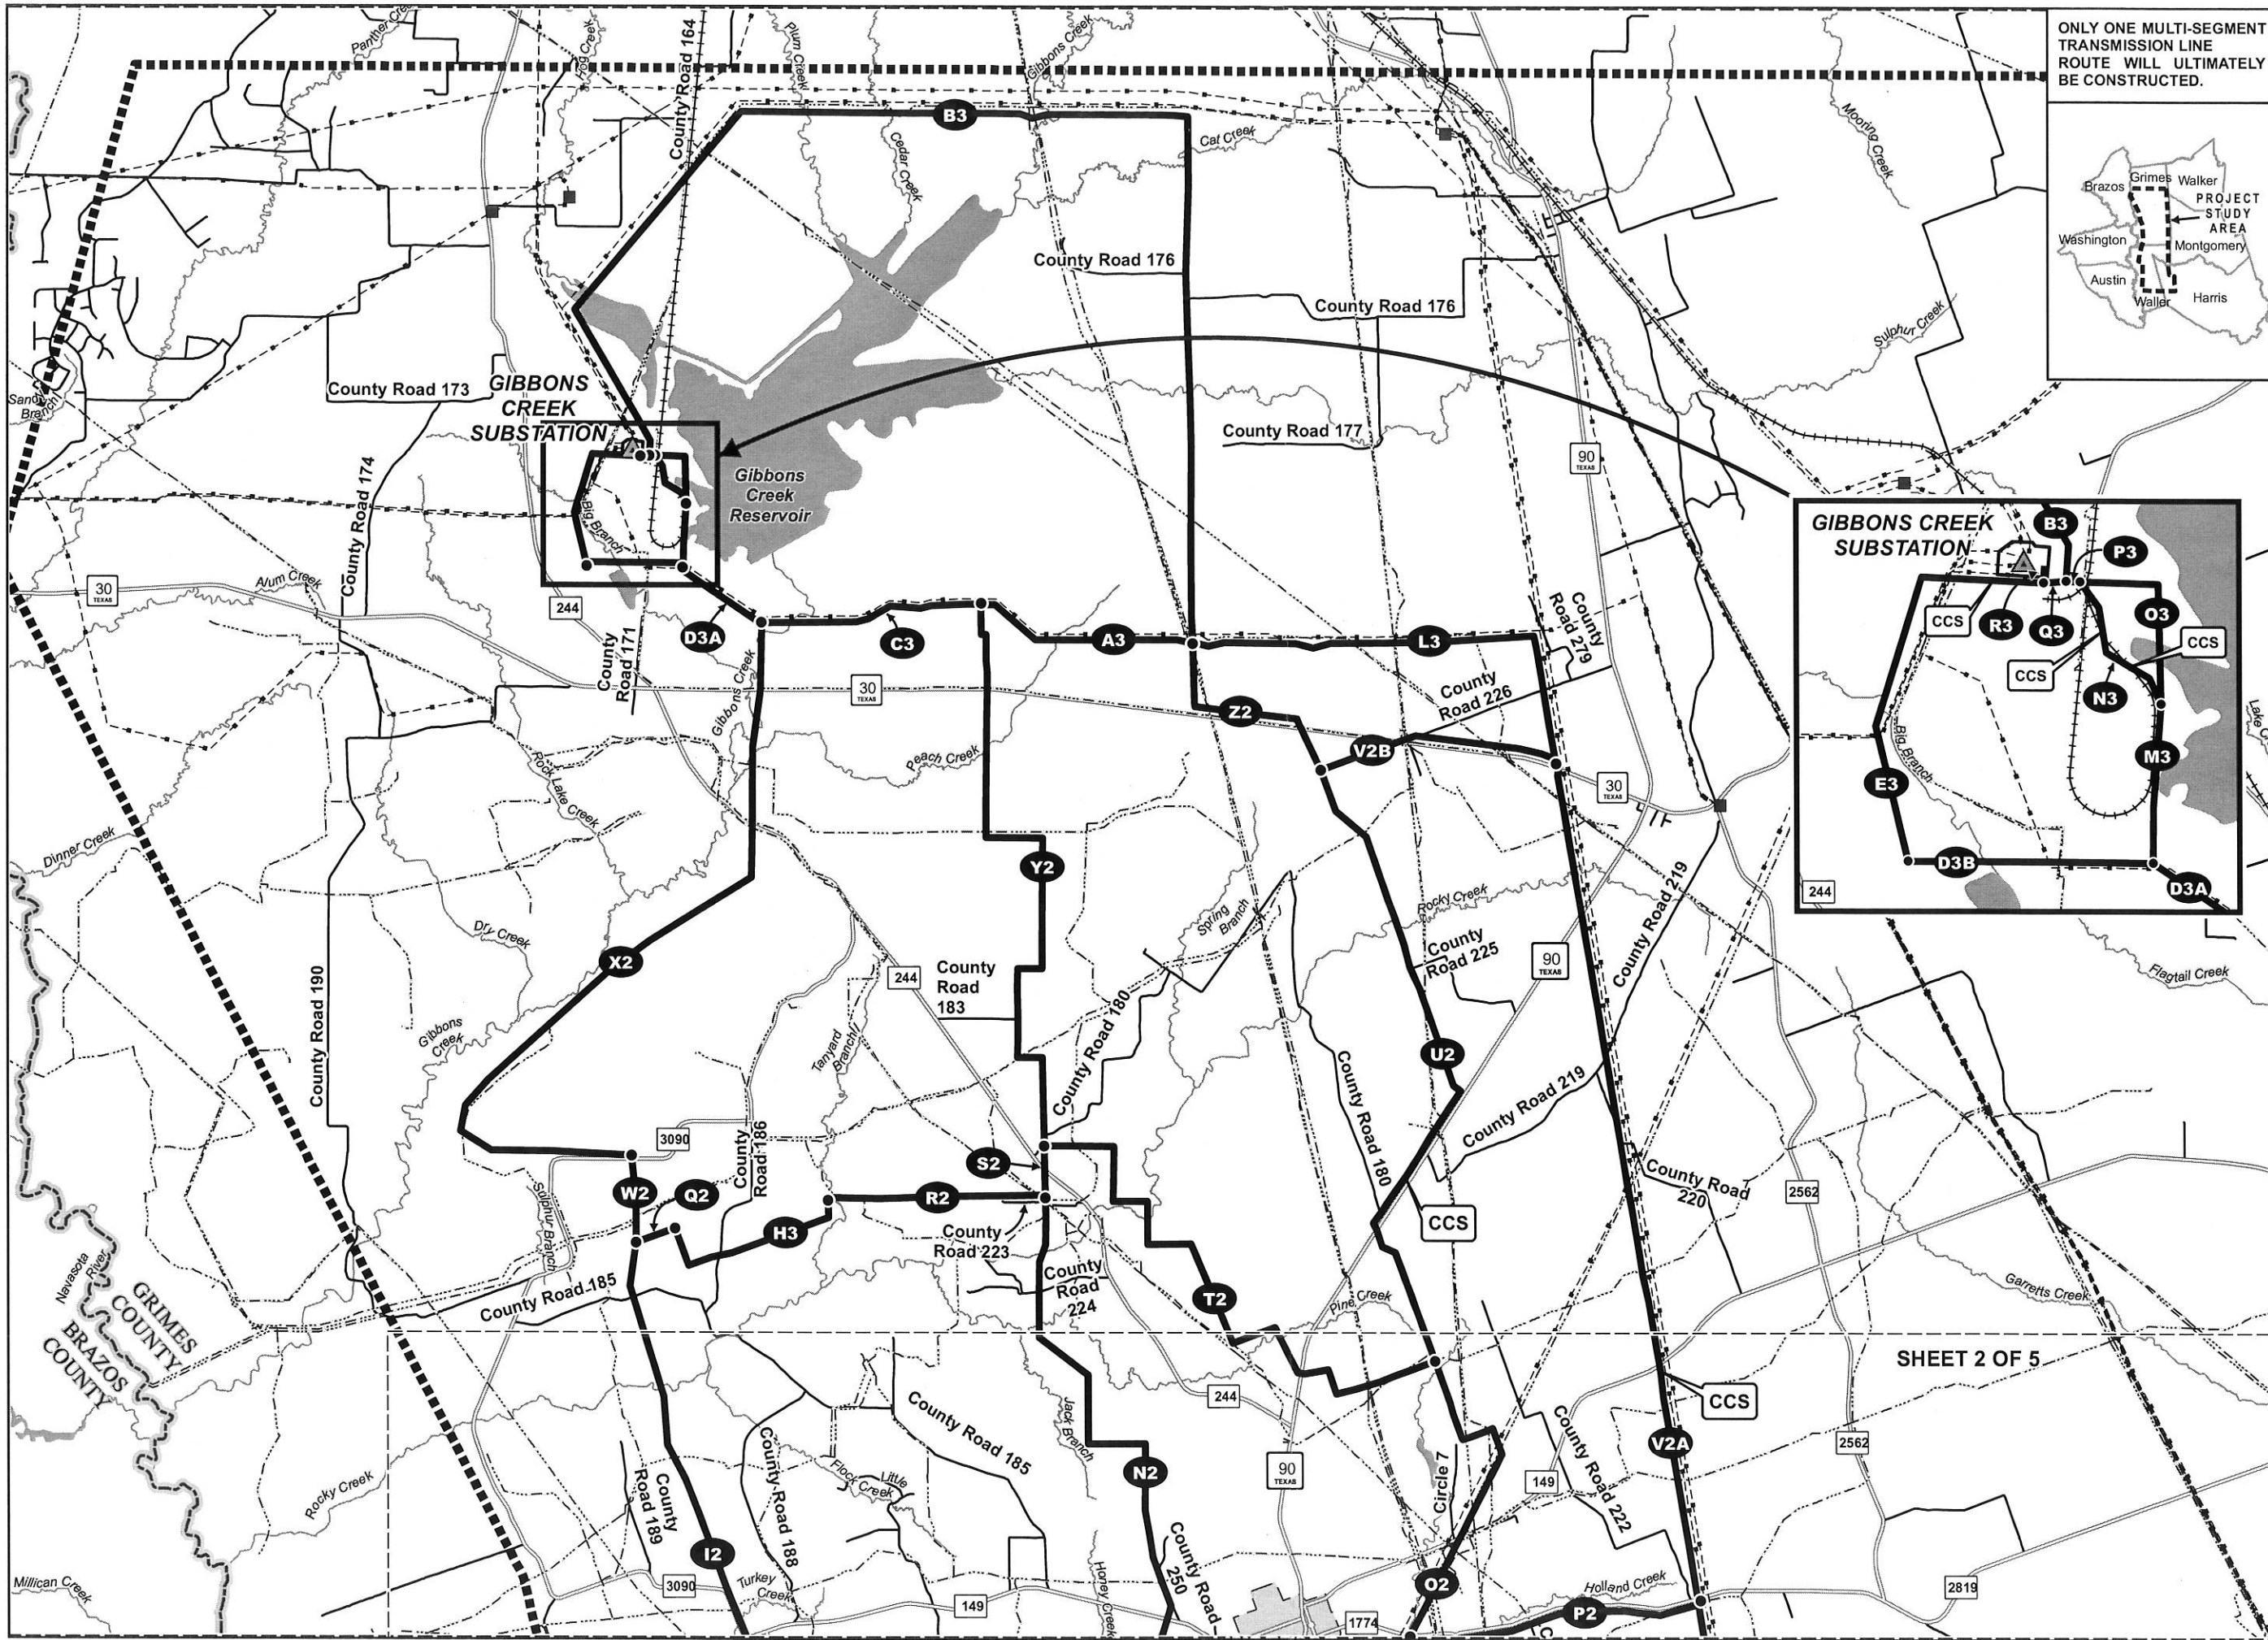

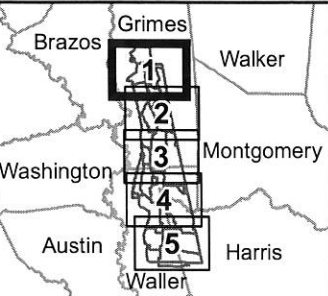

ONLY ONE MULTI-SEGMENT TRANSMISSION LINE ROUTE WILL ULTIMATELY BE CONSTRUCTED.

Legend

- Study Area Boundary
- Project Substation Tie Point
- Proposed Alternative Route Segment
- Compressed Construction Site
- Existing Substation
- Existing Transmission Line
- Oil / Gas Pipeline
- US Highway
- State Highway
- Farm-to-Market Road
- Local / County Road
- Railroad
- River / Stream
- CenterPoint Energy Existing Right-of-way
- Sheet Boundary Matchline
- City Limits
- County Boundary

NOTE: This map depicts the approximate location of the proposed alternative route segments based on information available at the completion of the routing analysis. Some features are exaggerated to better display routing constraints and paralleling opportunities.
